

UDS v3 NACC Dashboard: All Sites

Enrollment and mortality over time | Current cognitive status frequency.

New enrollees and deaths over time

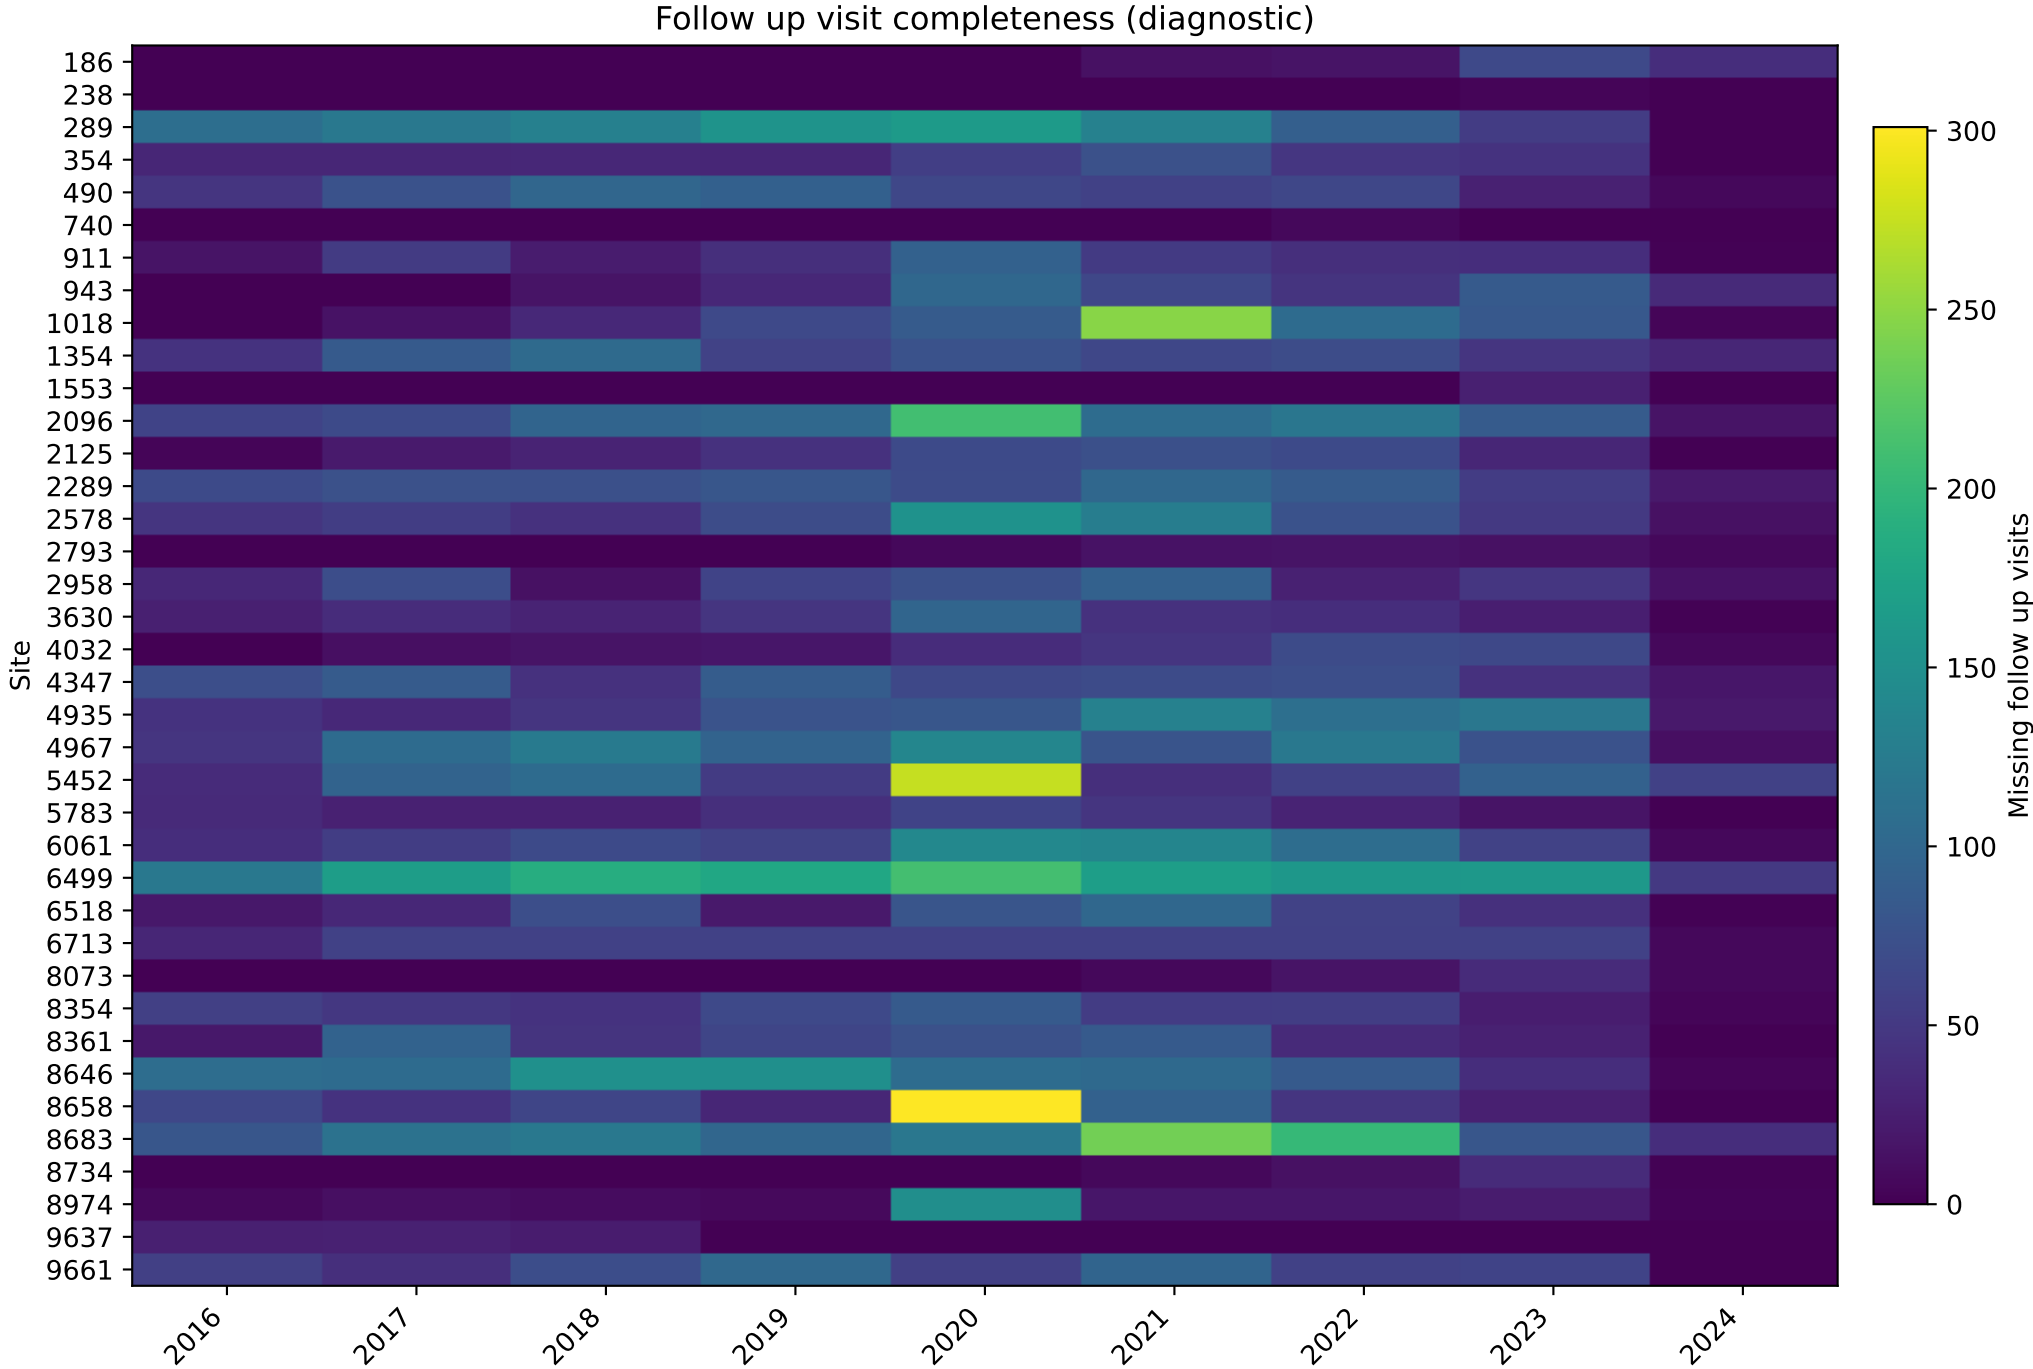

Current Cognitive Status Frequency

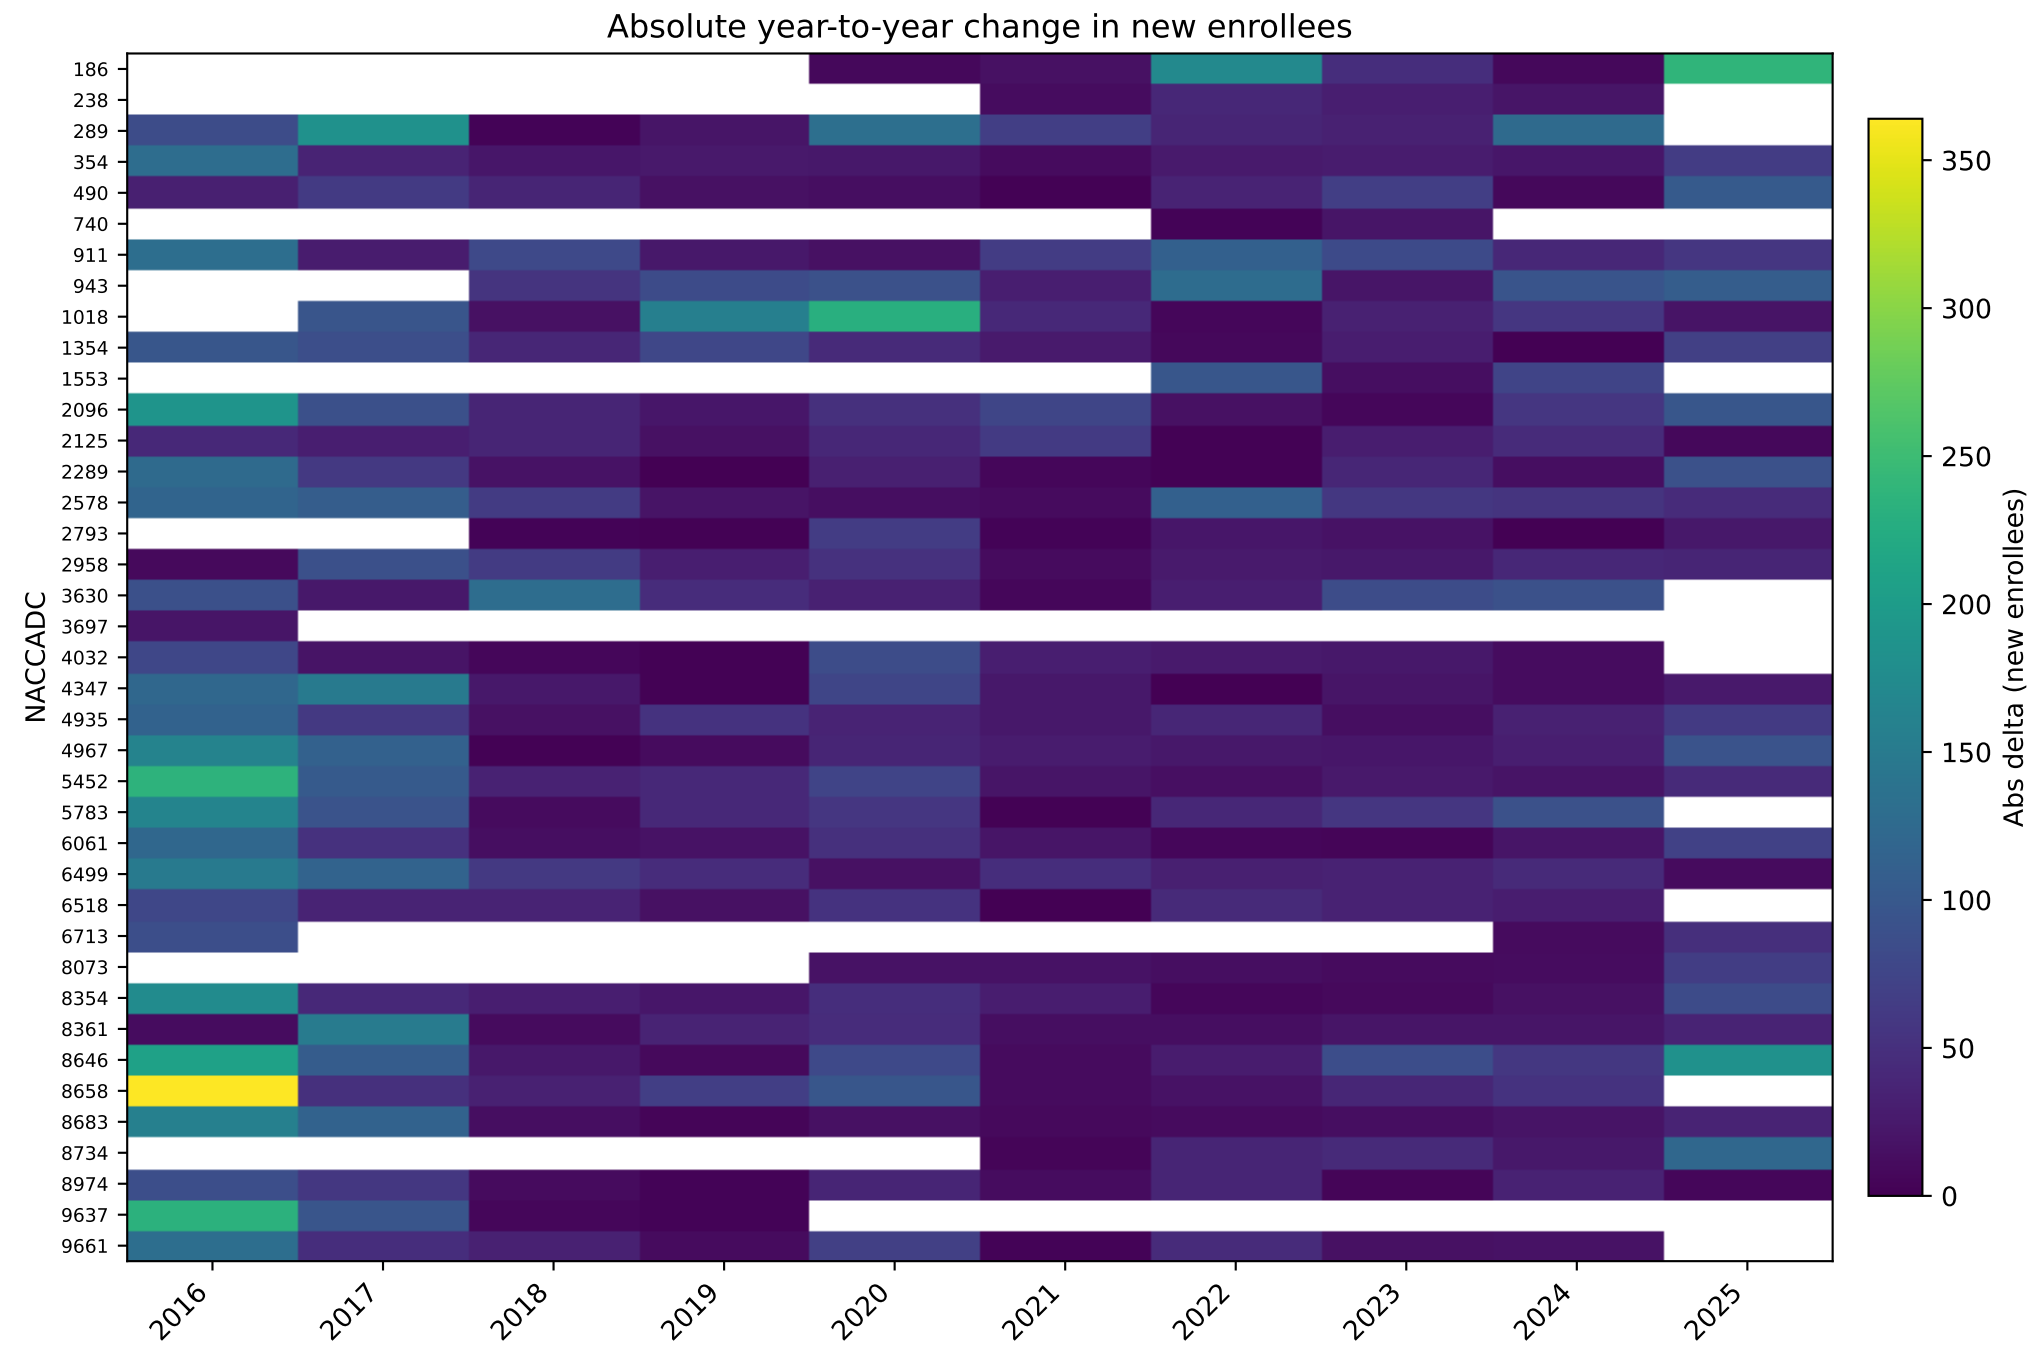

UDS v3 NACC Dashboard: All Sites

Missing follow up VISIT counts by site and year.

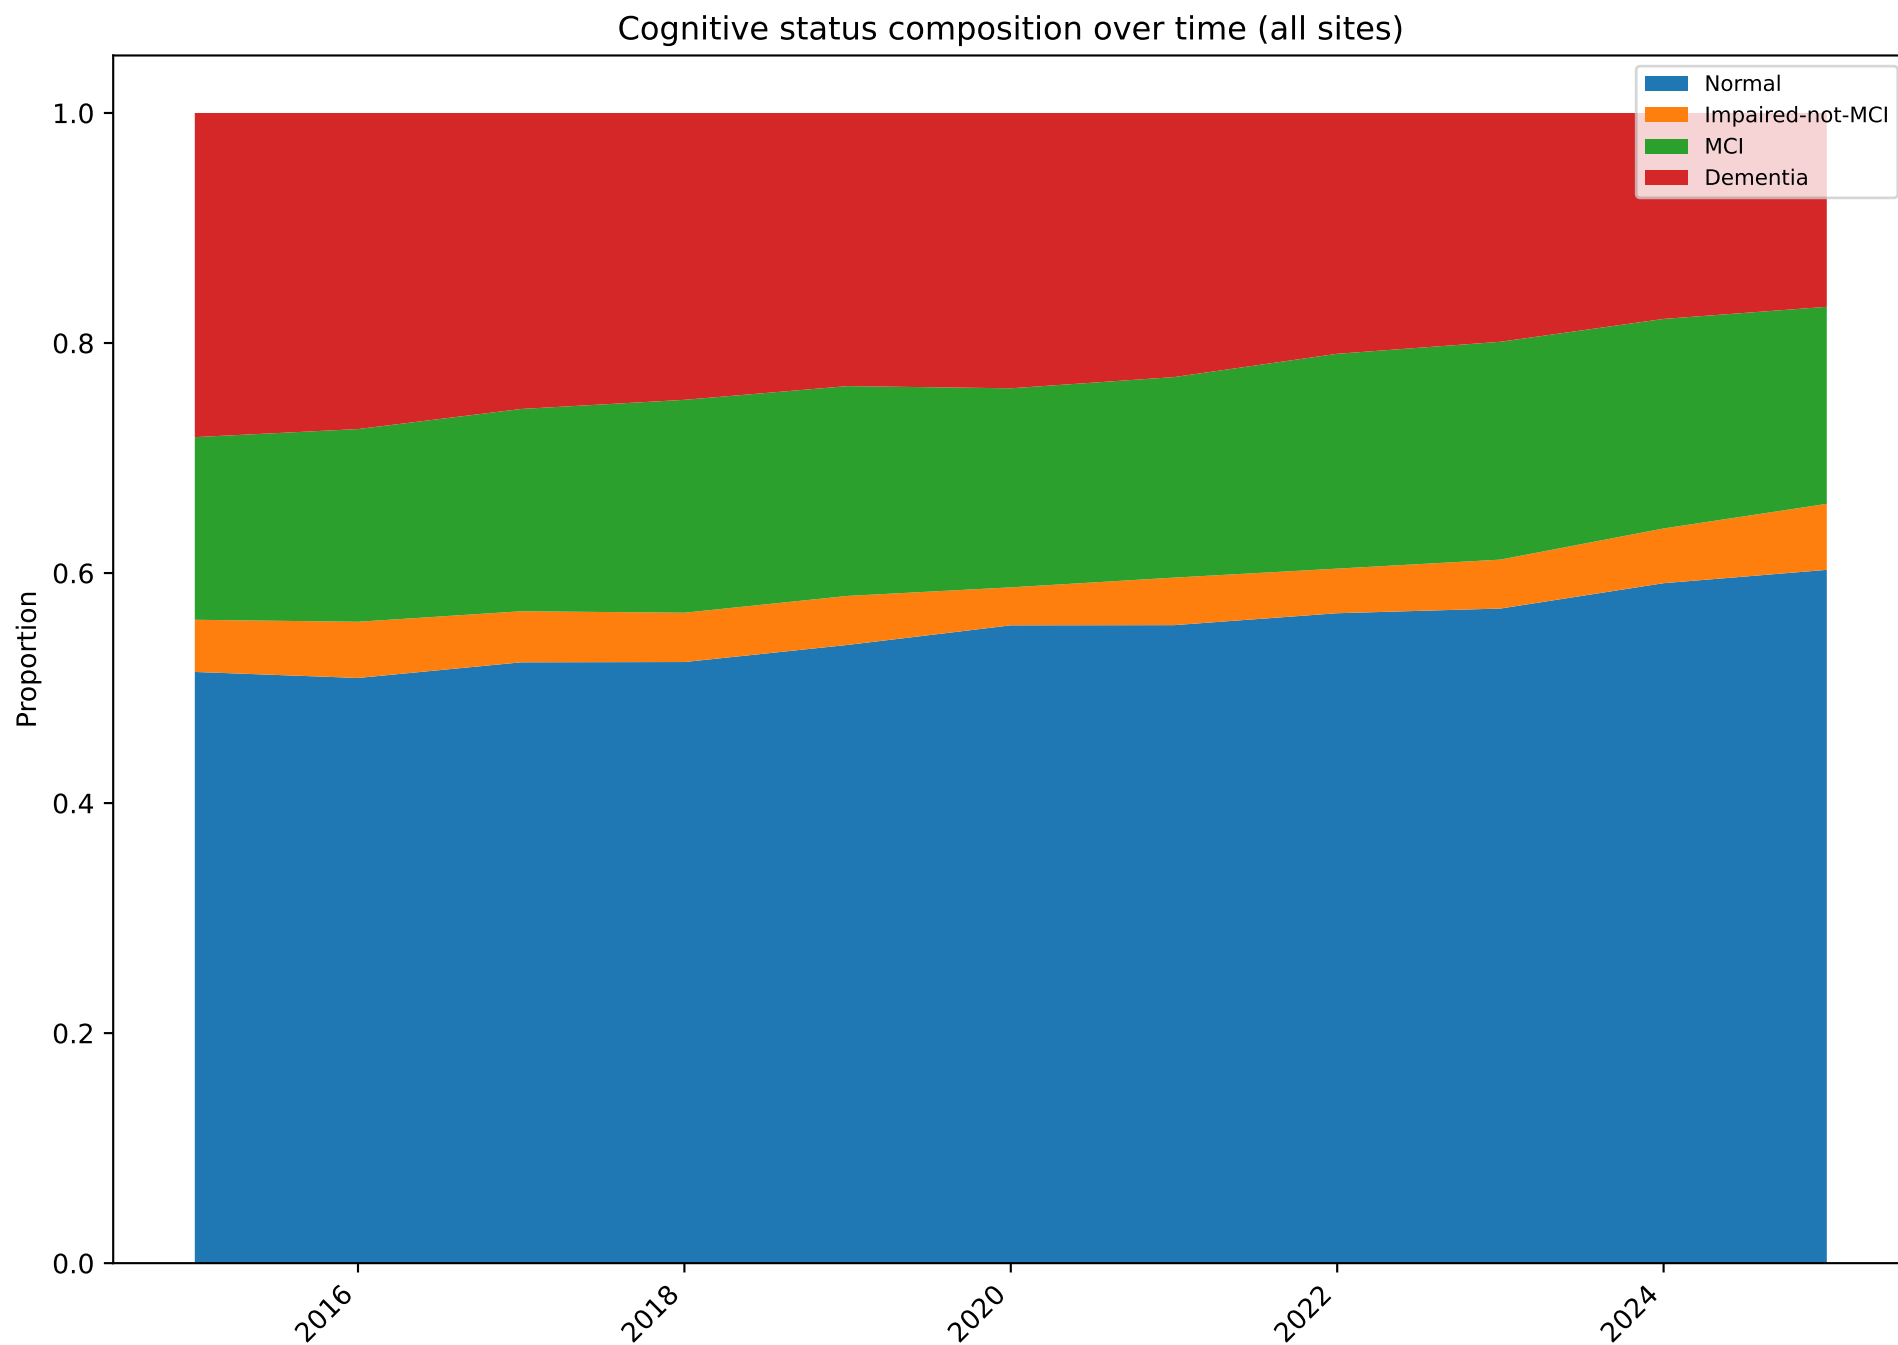

UDS v3 NACC Dashboard: All Sites

Heatmap: absolute year-to-year change in the number of new enrollees by site
X-axis is year, Y-axis is site. Blank cells indicate no prior year for delta.

UDS v3 NACC Dashboard: All Sites

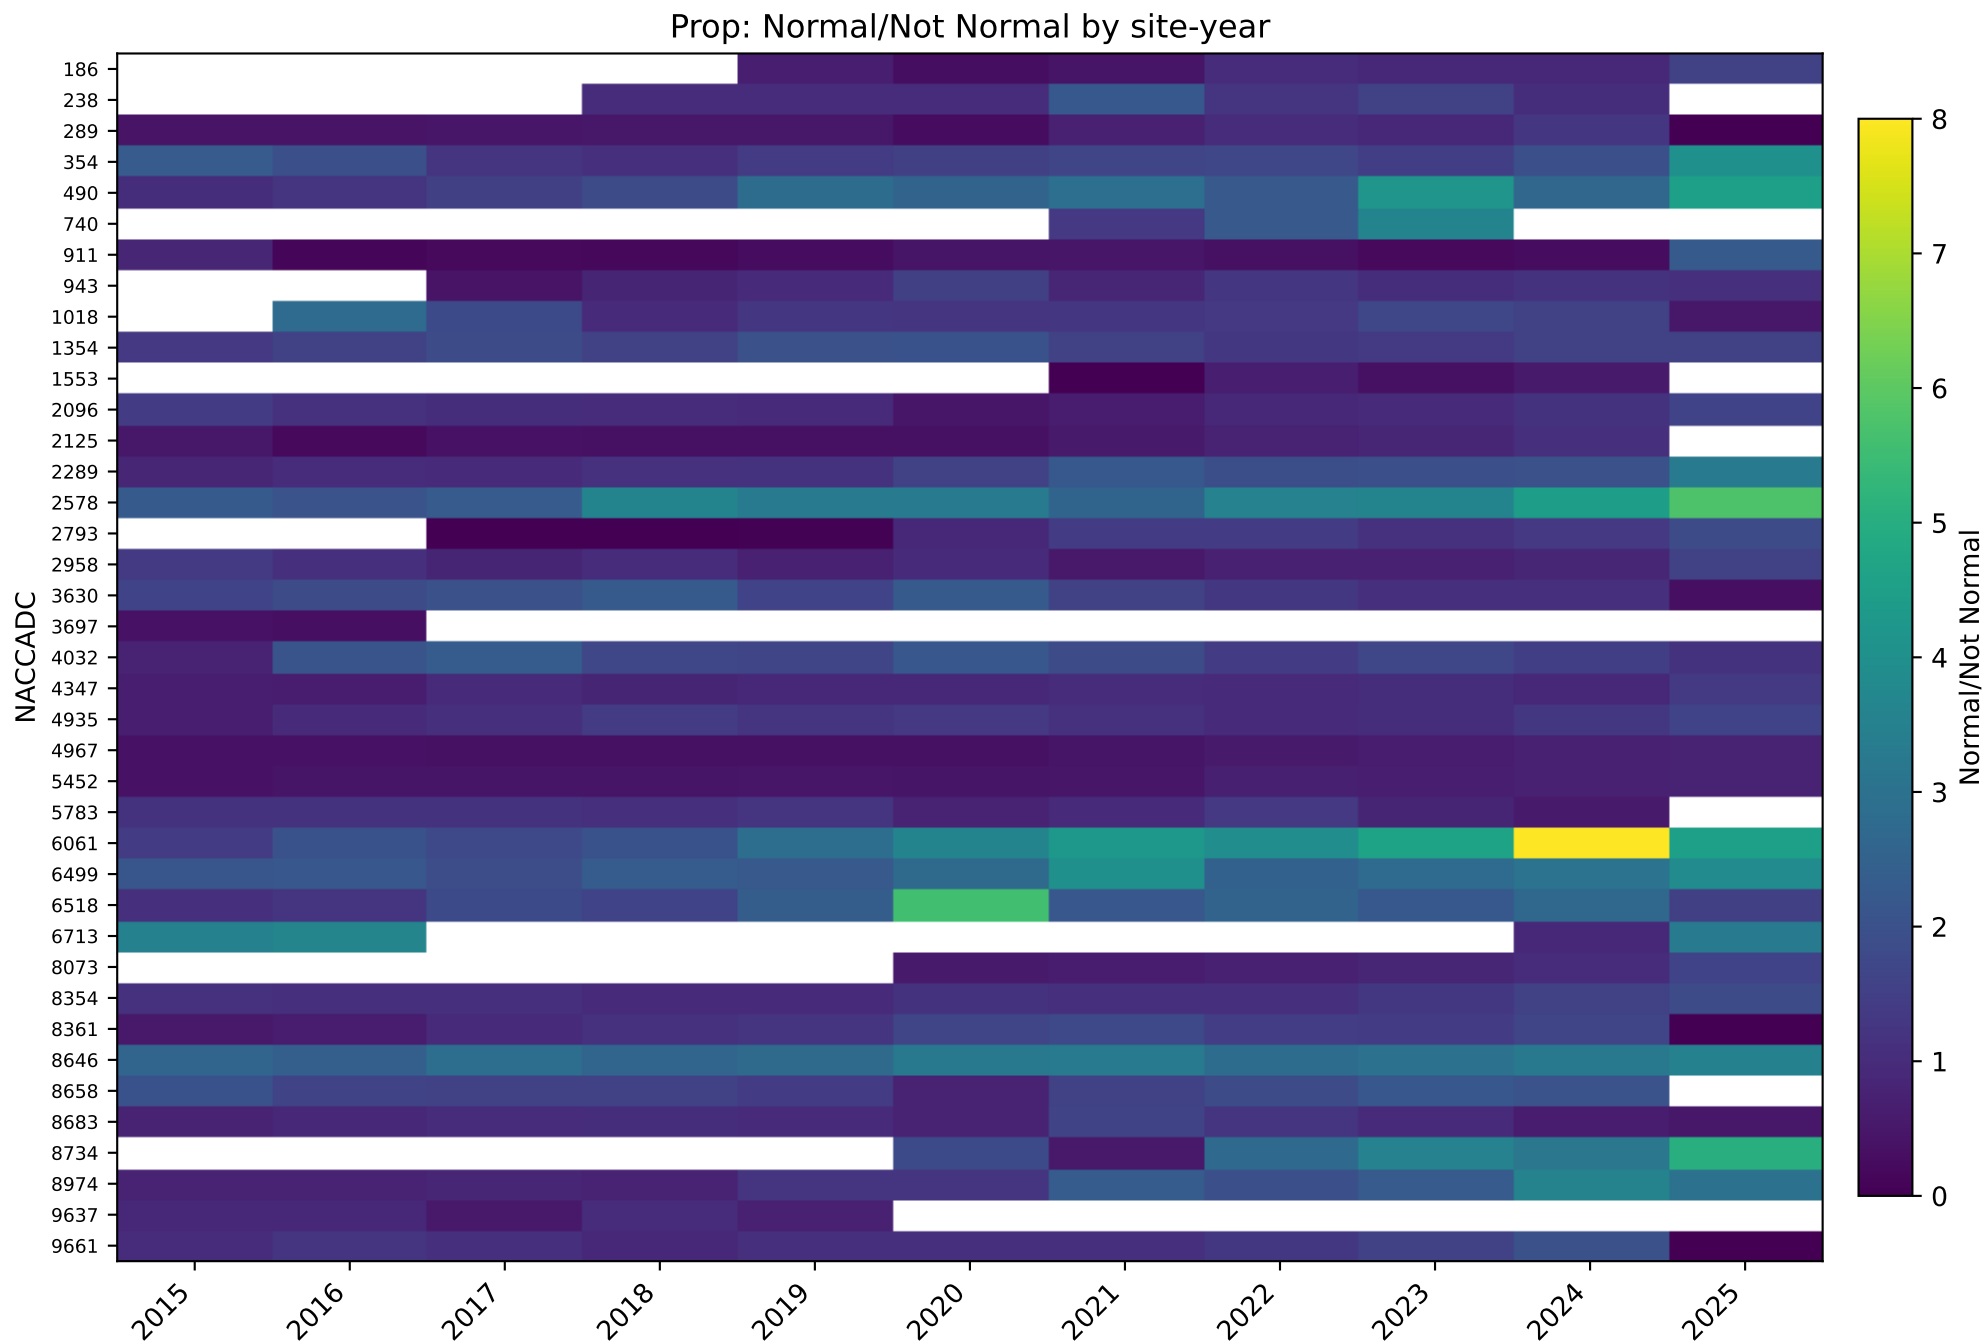

Change in cognitive status composition over time.

Heatmap: Normal/Not Normal Proportion
Blank cells indicate denominator = 0 for that site-year.

Heatmap: Normal/Not Normal Proportion

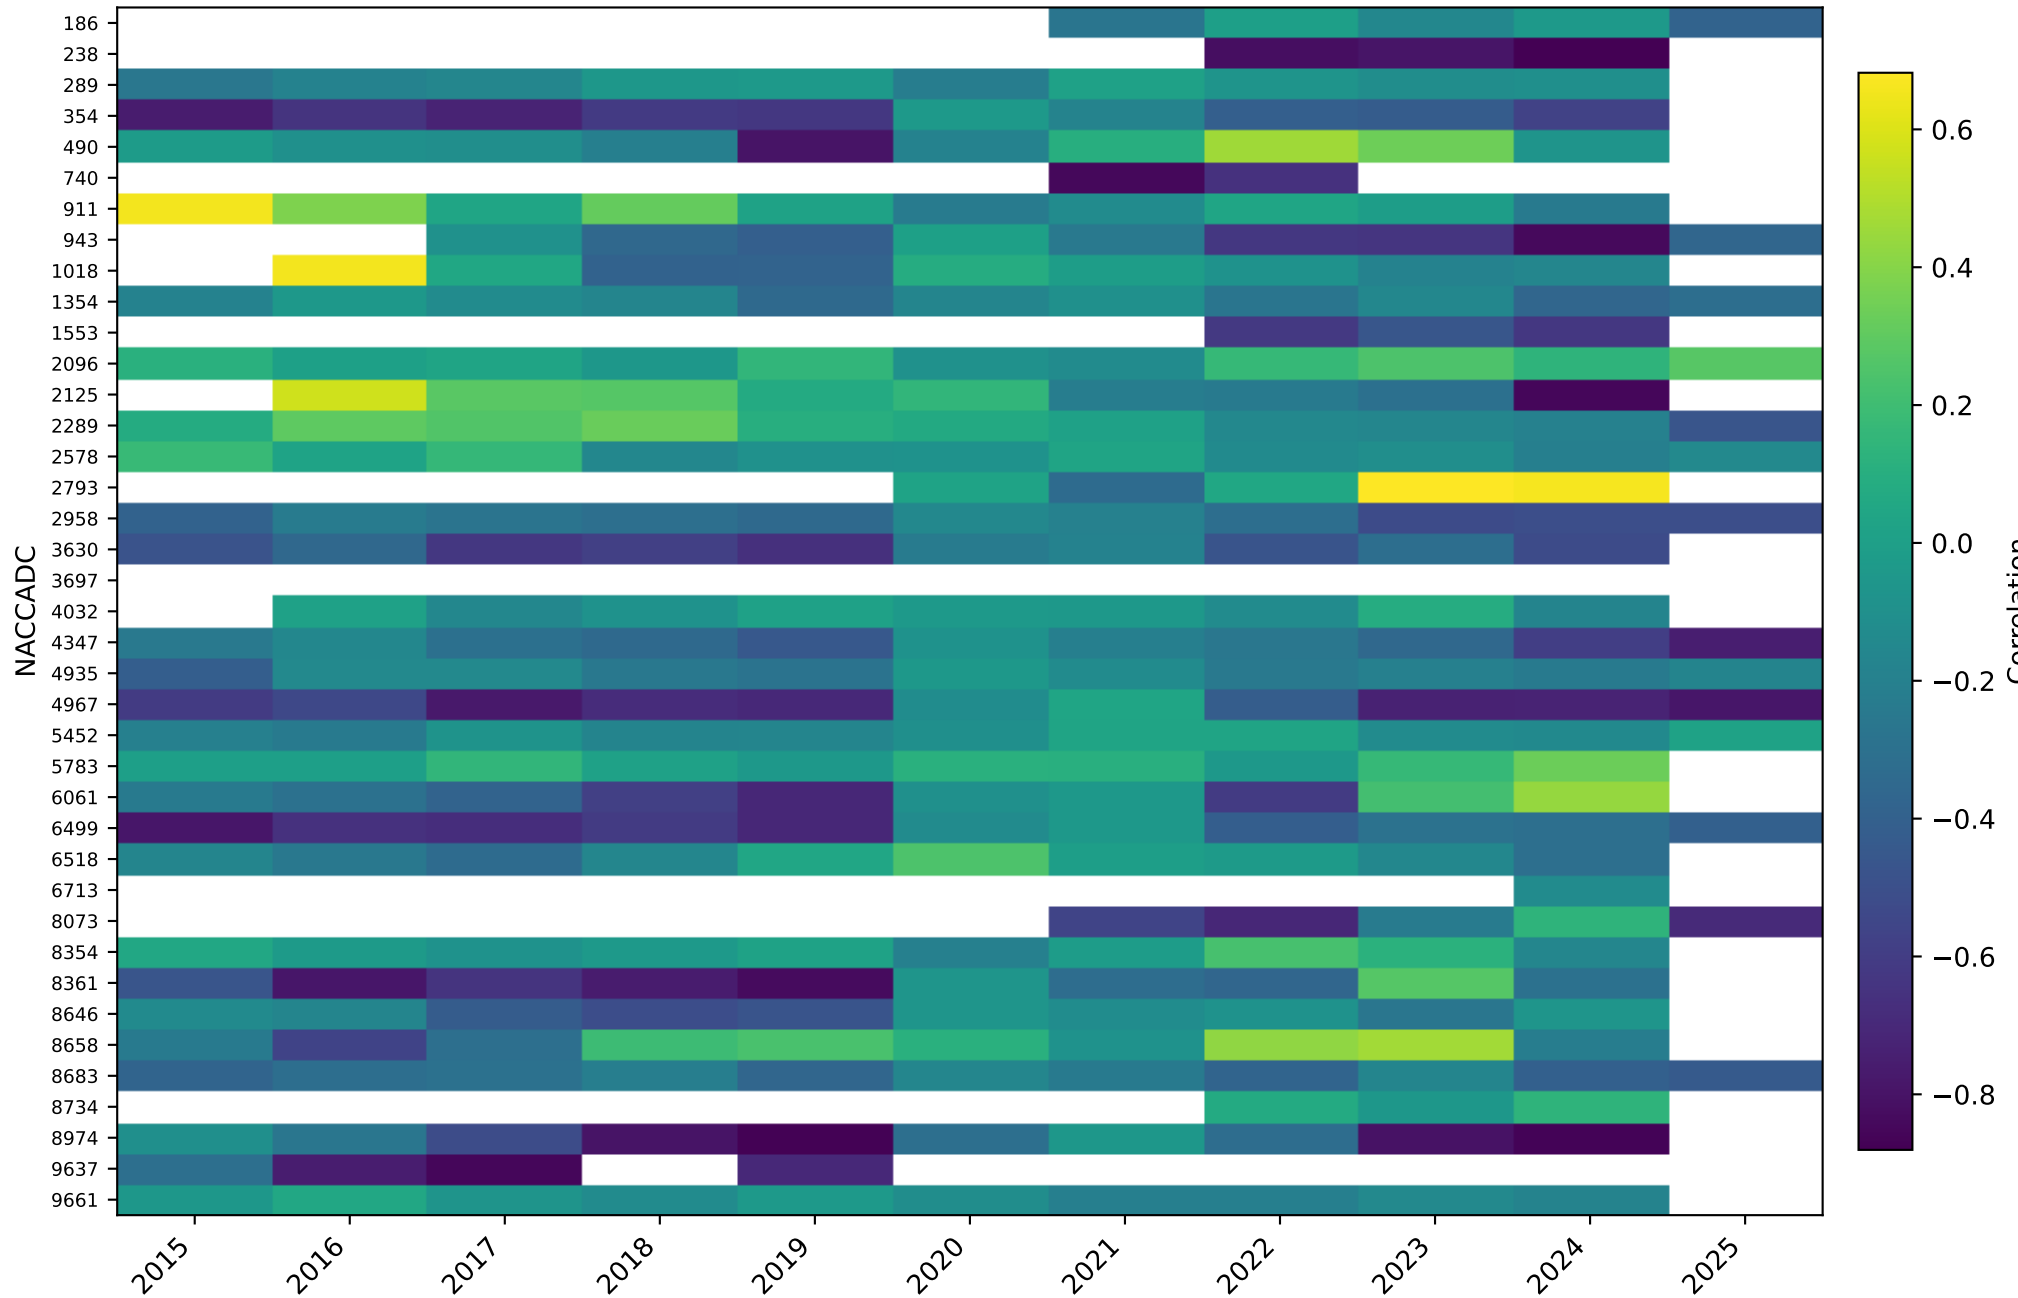

Blank cells indicate denominator = 0 for that site-year.

UDS v3 NACC Dashboard: All Sites

Heatmap: correlation between MOCA and CDRSUM computed within each site-year
Blank cells indicate too few observations or no variation for that site-year.

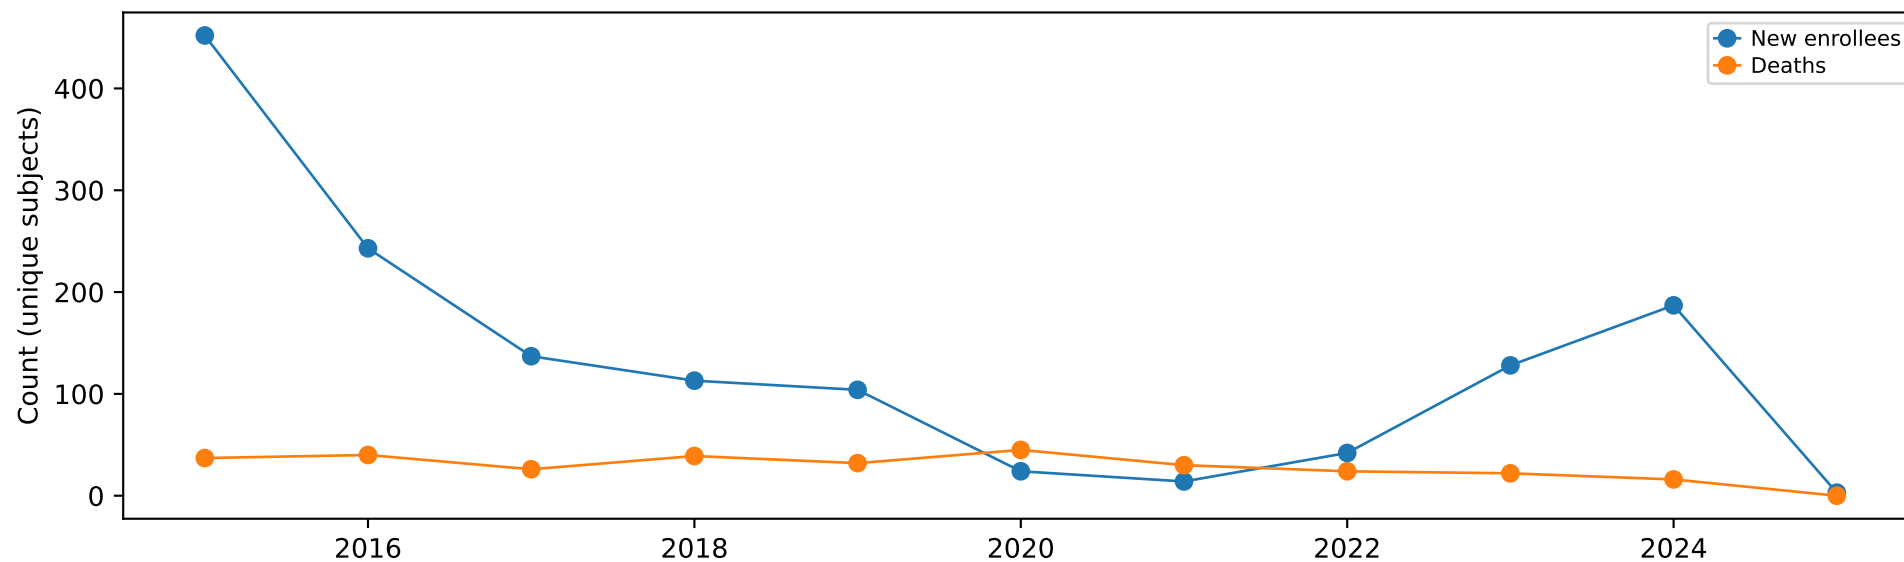

MOCA vs CDRSUM correlation by site-year

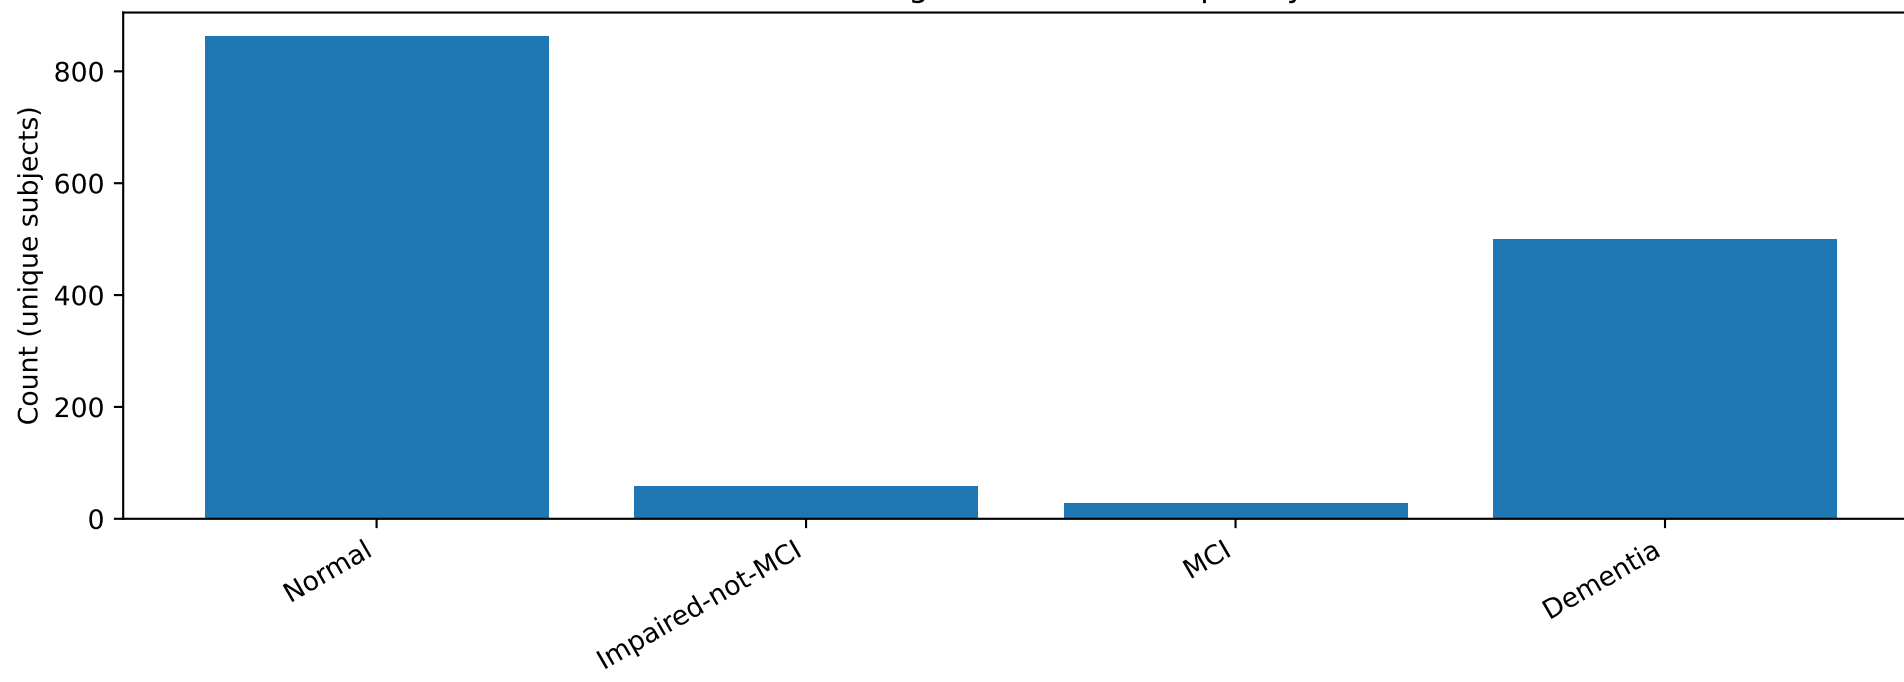

UDS v3 NACC Dashboard: Site 8646

Enrollment and mortality over time | Current cognitive status frequency.

New enrollees and deaths over time

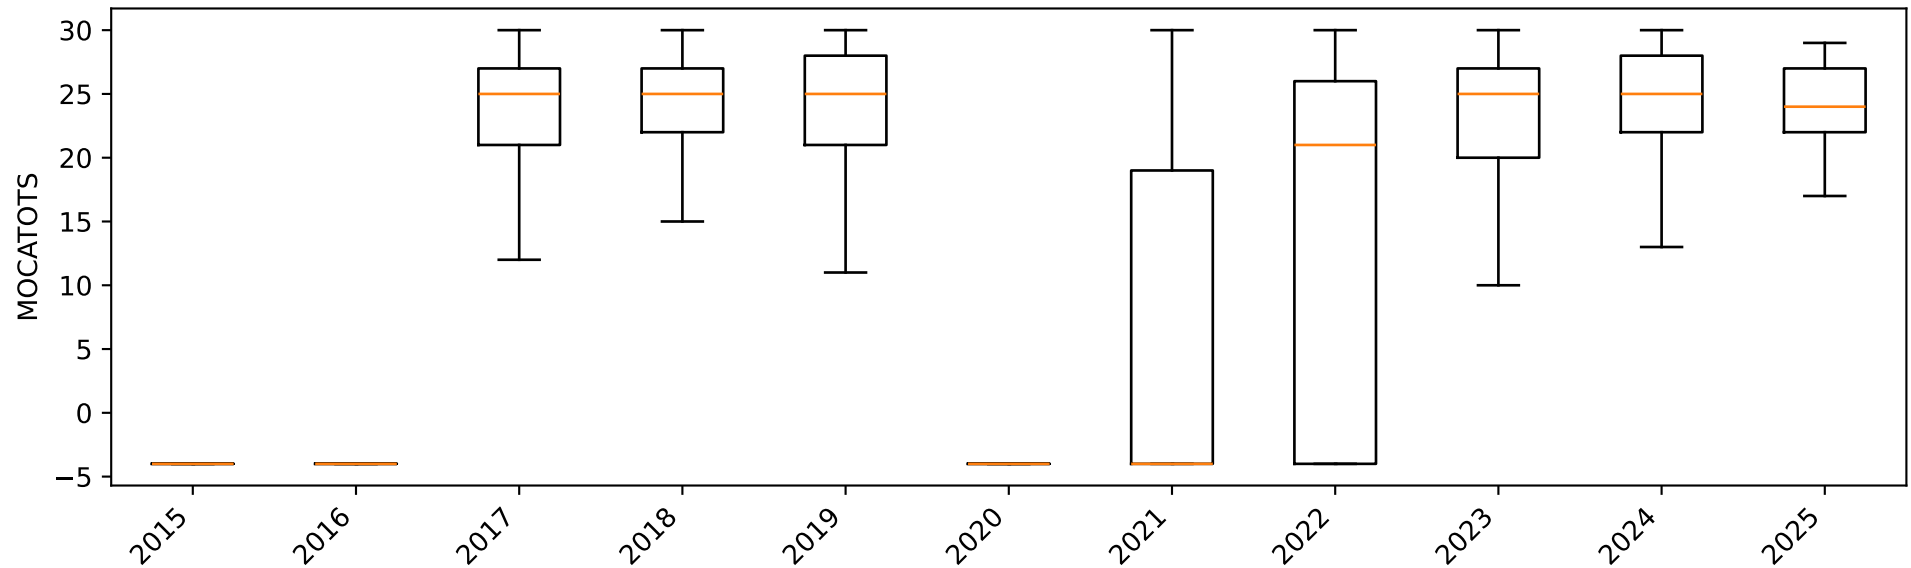

Current Cognitive Status Frequency

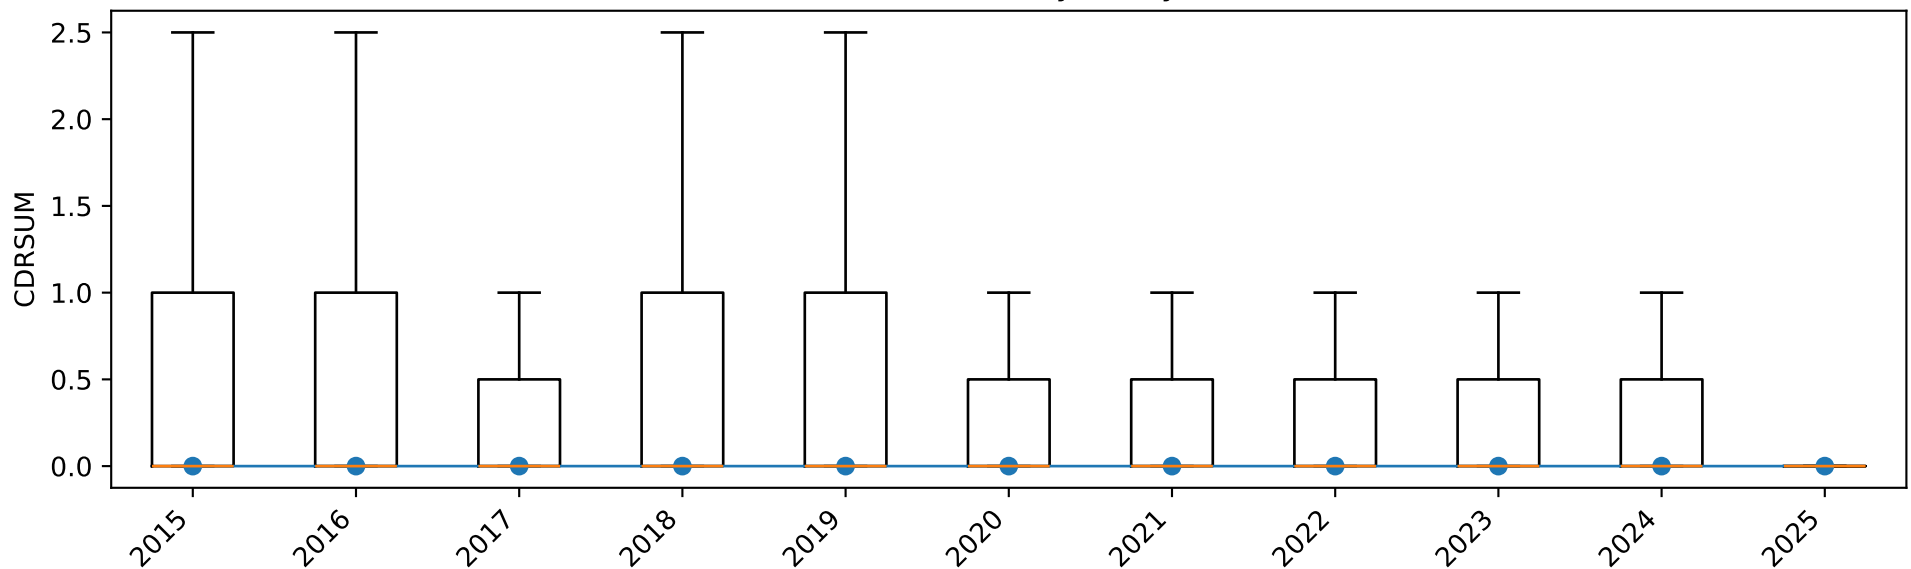

UDS v3 NACC Dashboard: Site 8646

Score distributions by visit year.

MOCATOTS distribution by visit year (site)

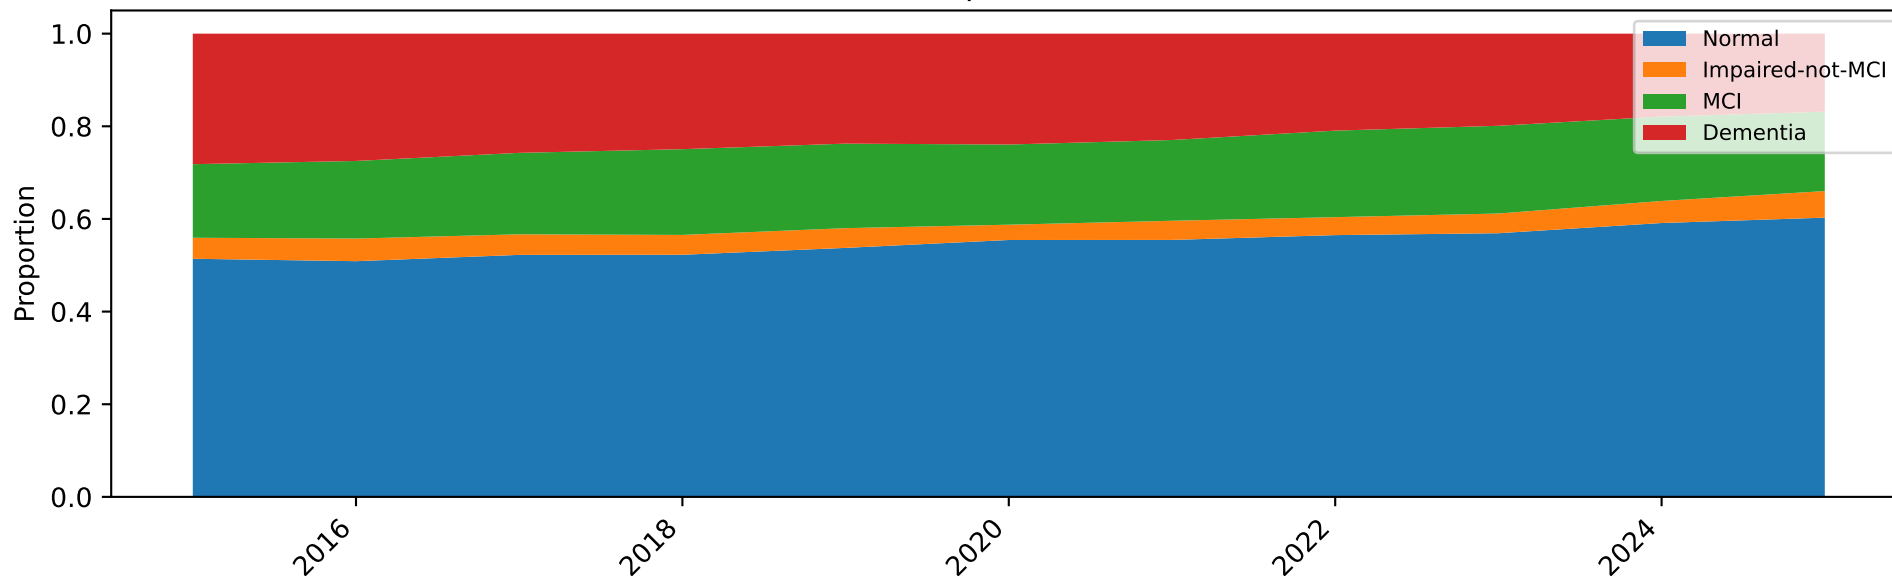

CDRSUM distribution by visit year (site)

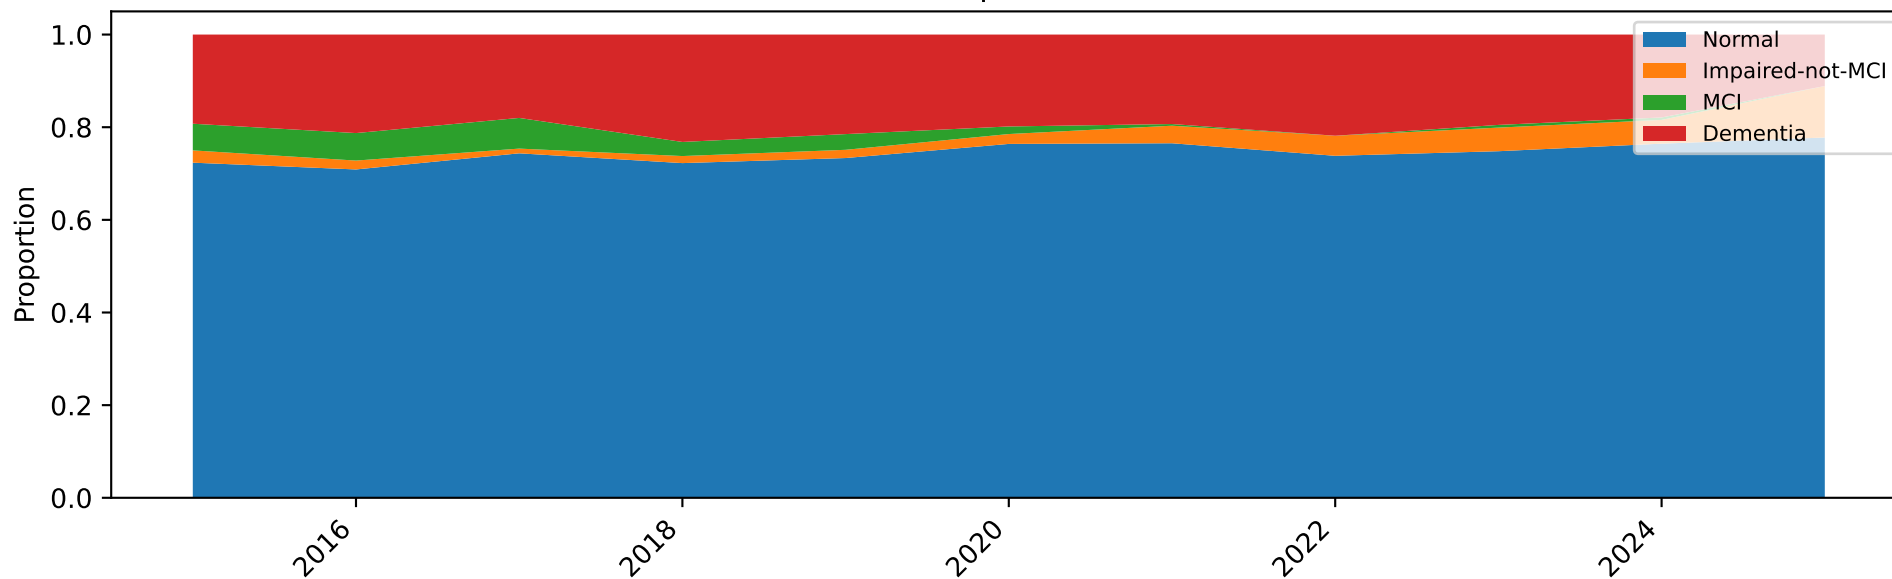

UDS v3 NACC Dashboard: Site 8646

Cognitive status composition over time. Site compared to all sites.

All sites composition over time

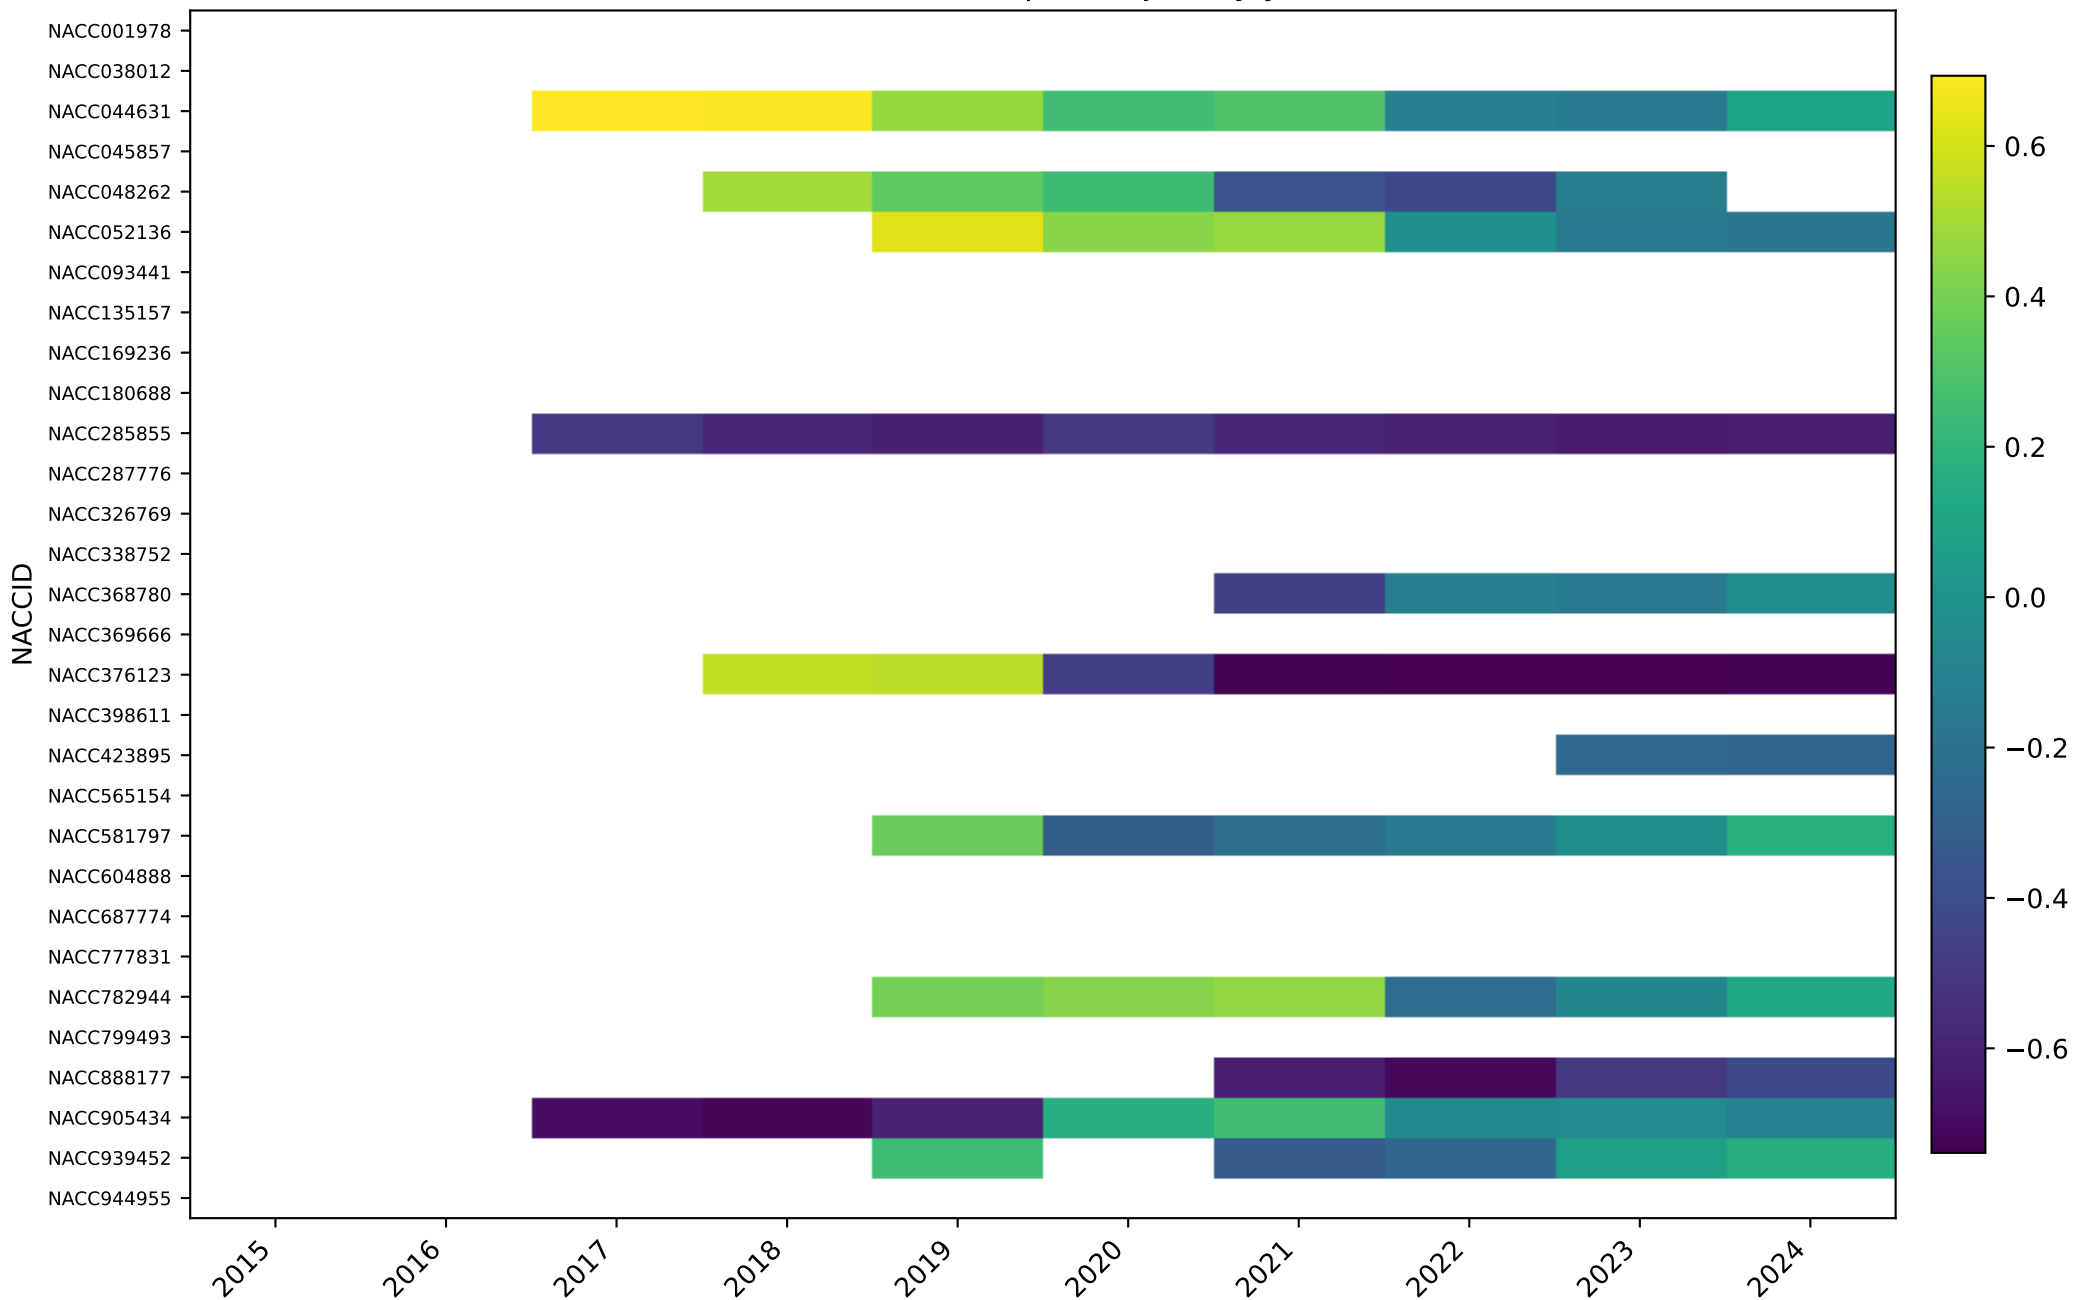

Site 8646 composition over time

Heatmap: per-subject correlation between MOCA and CDRSUM computed cumulatively up to each year
Blank cells indicate insufficient visits up to that year.

Heatmap: per-subject correlation between MOCA and CDRSUM computed cumulatively up to each year
Blank cells indicate insufficient visits up to that year.

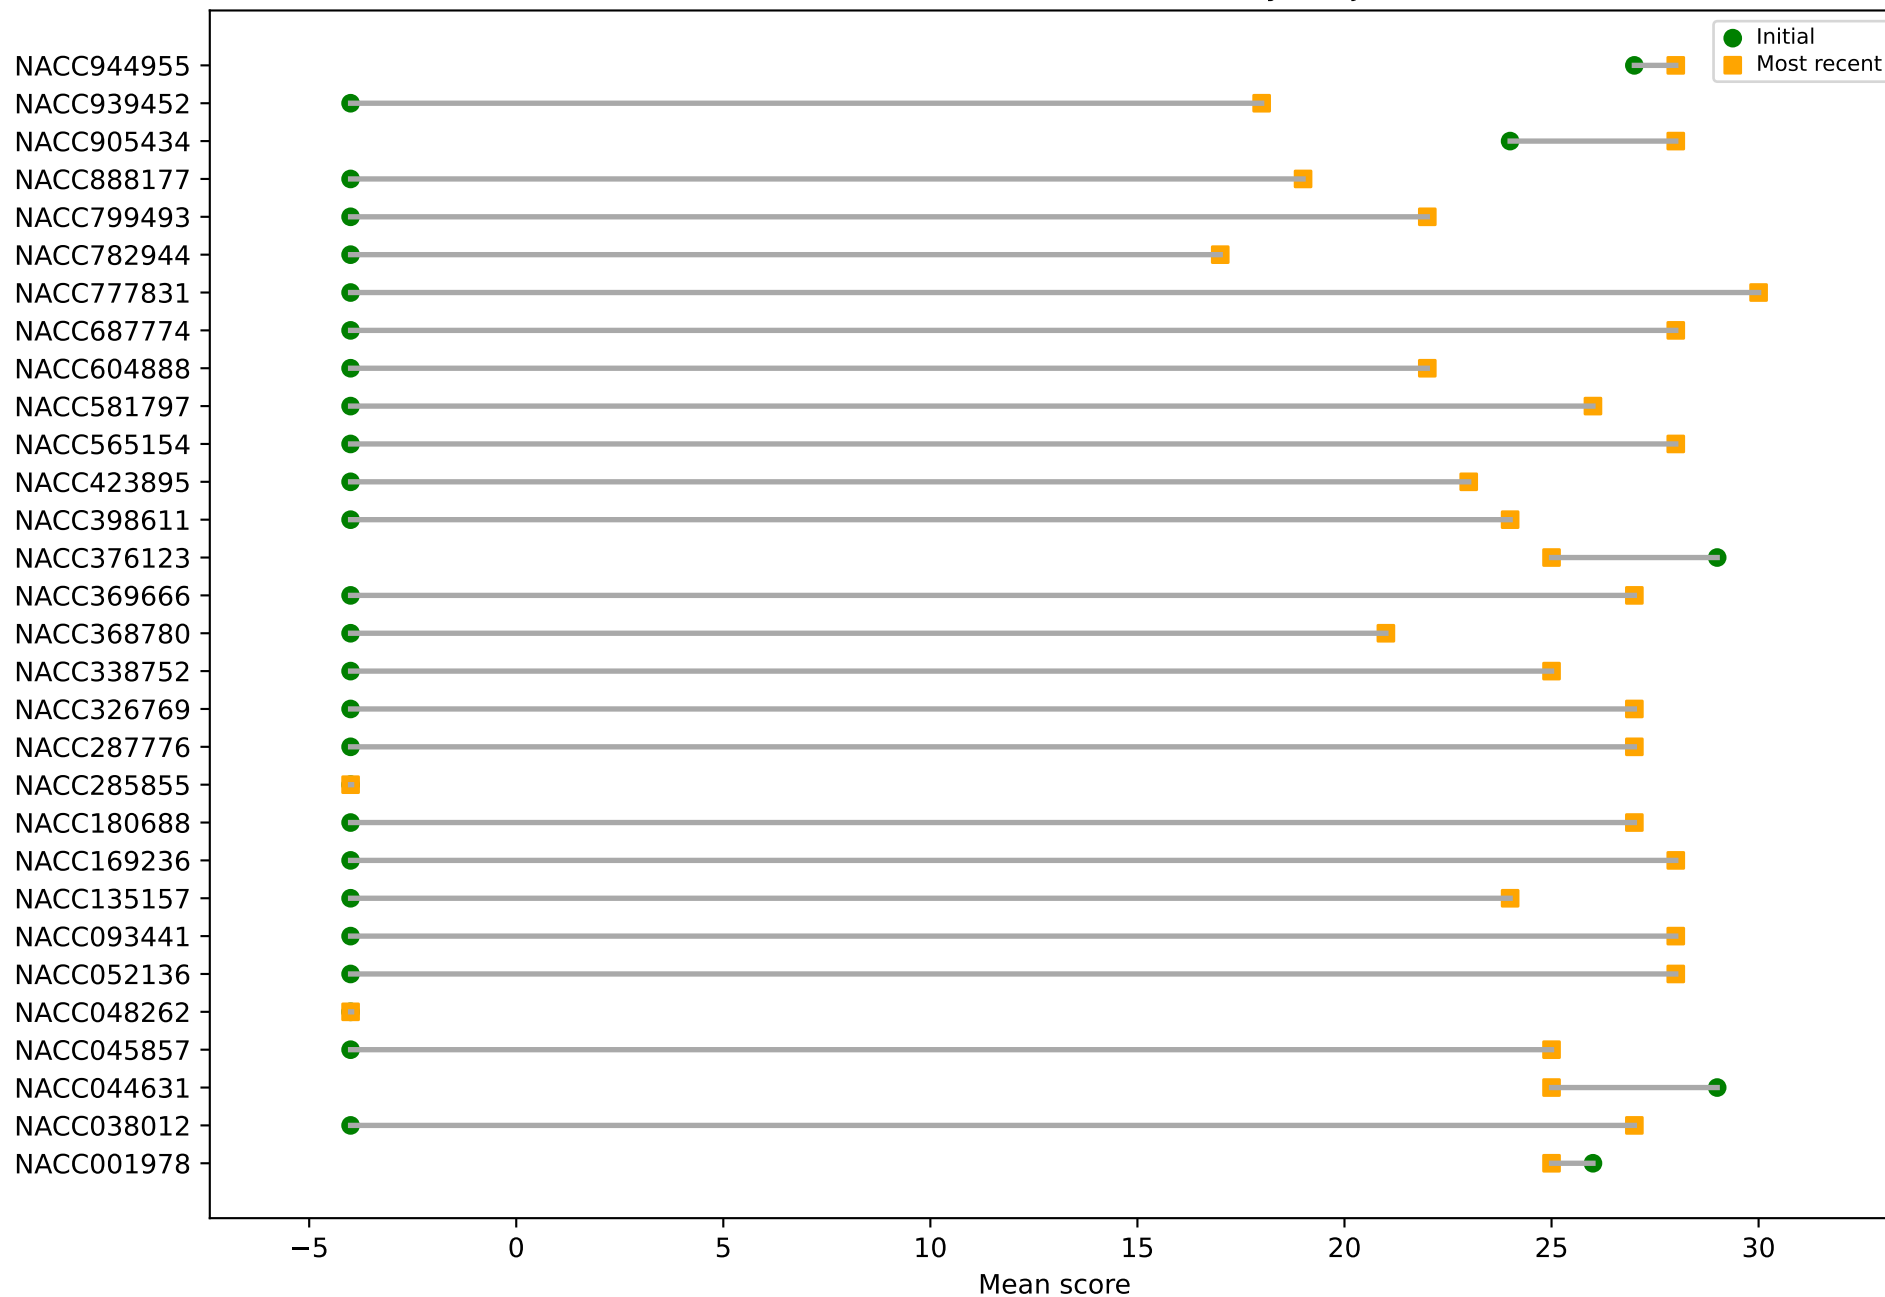

MOCA vs CDRSUM correlation per subject by year (cumulative)

UDS v3 NACC Dashboard: Site 8646

MOCATOTS change per subject (Top 30 subjects by visit count).

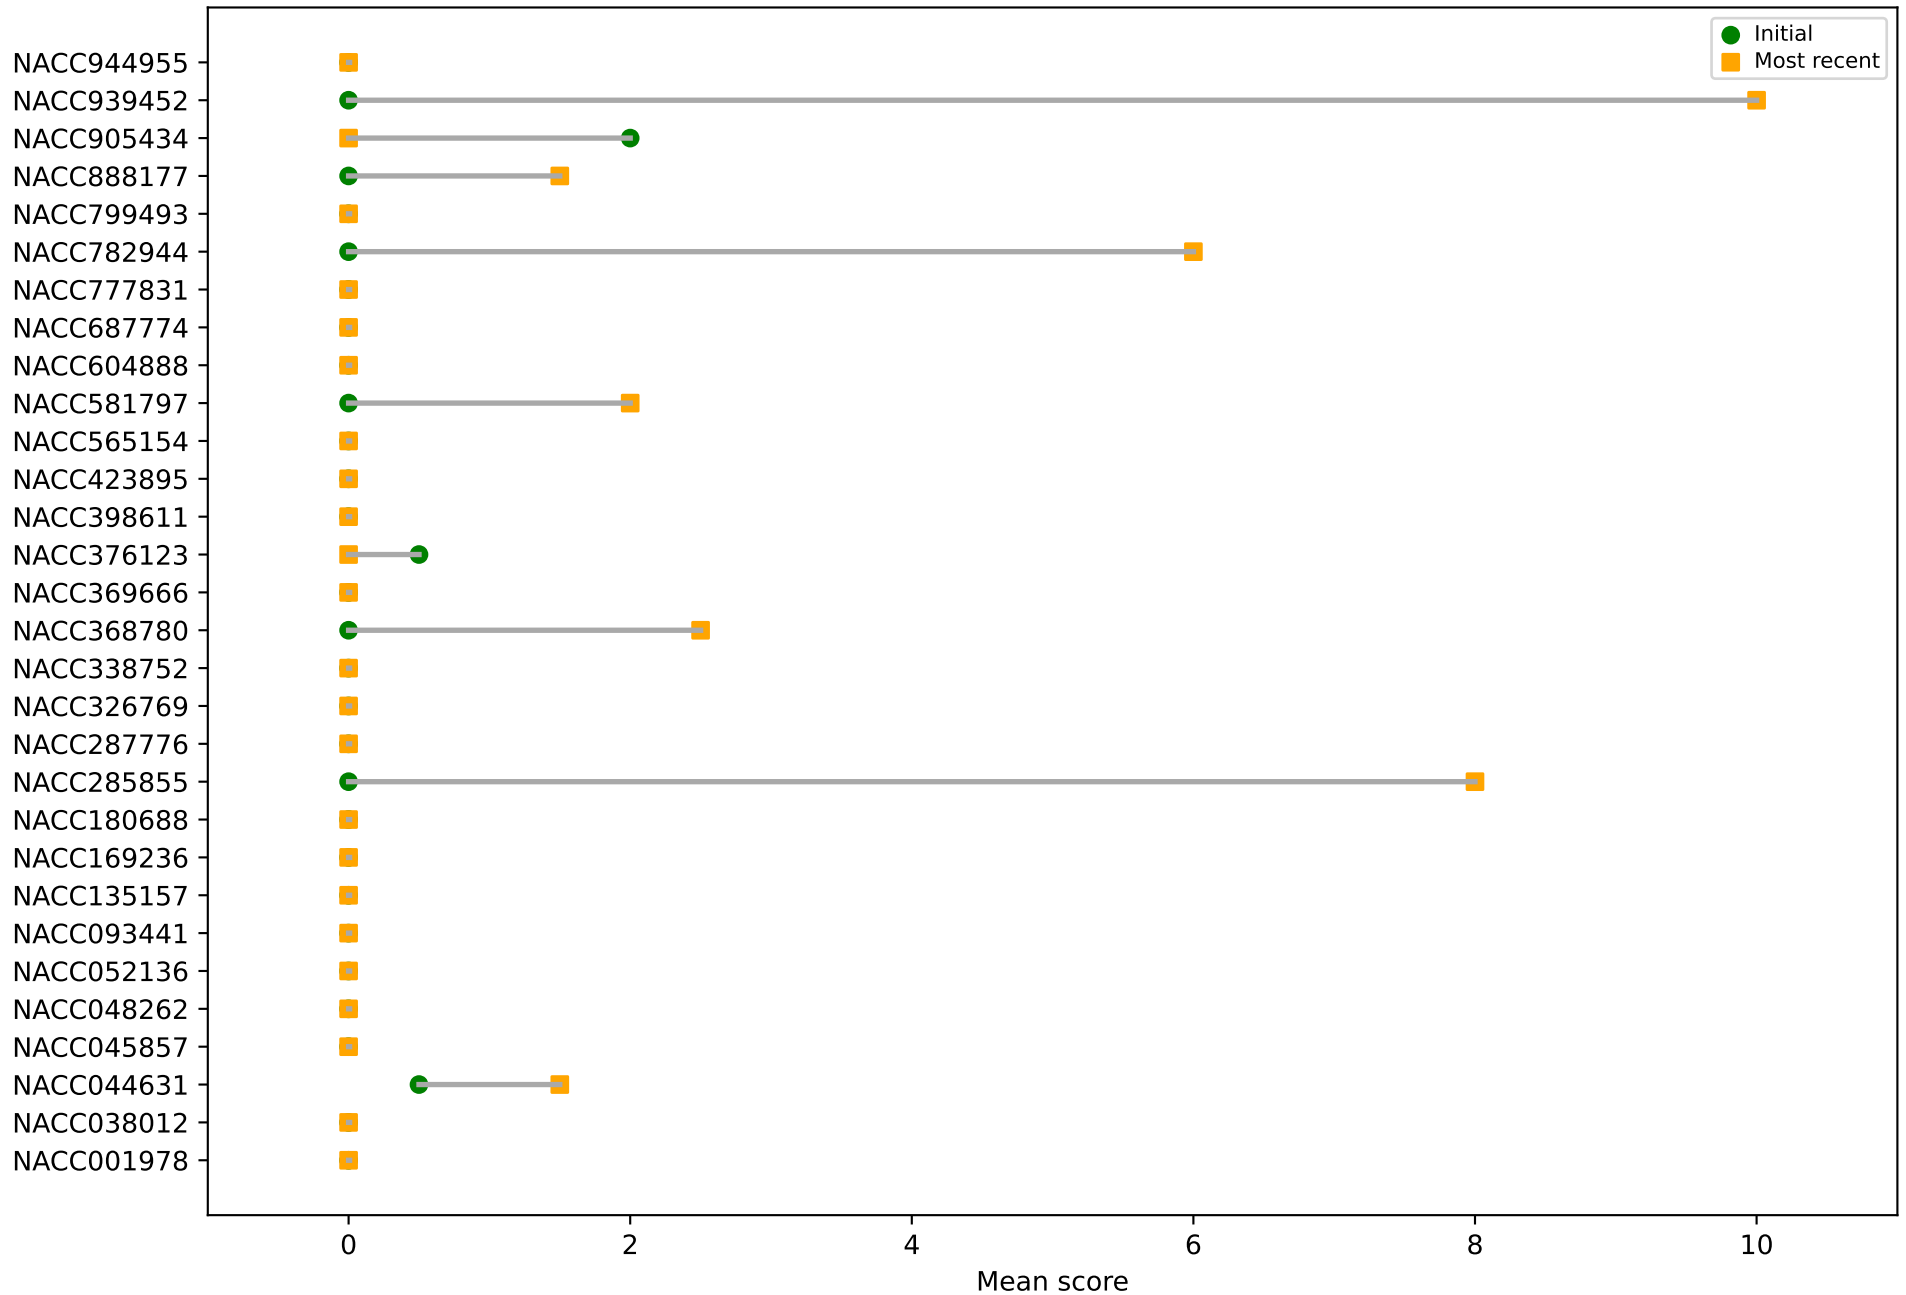

MOCATOTS: initial vs most recent by subject

UDS v3 NACC Dashboard: Site 8646

CDRSUM change per subject (Top 30 subjects by visit count).

CDRSUM: initial vs most recent by subject

UDS v3 NACC Dashboard: Site 8646

CDRGLOB change per subject (Top 30 subjects by visit count).
